Much as the accident is a matter of regret and deep sorrow for us all, I would like to take this opportunity of assuring the House that there has never been, nor will there ever be, any compromise with air safety in domestic or international air transport operations. Every aircraft operating in the country is subjected to the most stringent airworthiness checks and our system of regulation and control is as comprehensive as can be.

Even so, and after considering all aspects of the matter, Government have appointed Air Marshal (Retd.) S.S. Ramdas, former Chairman and Managing Director of Indian Airlines, as the Court of Inquiry under Rule 75 of Aircraft Rules, 1937 to carry out the formal investigations into the accident. The Court of Inquiry has been specifically requested to give immediate findings on whether operations to Bhuntar airport have any technical shortcomings and if so, to suggest remedial measures thereof, particularly in adverse weather conditions.

I would also like to inform the Hon*ble Members that I have directed a 100%* safety audit of every aircraft operating in the private sector.

This is being done in addition to the mandatory checks which are already in operation to ensure flight safety in domestic operations.

As the Hon*ble Members are aware there has been tremendous growth in the air transport industry after its demon-opolisation. Even under this rapid expansion process, the air safety aspect has not been allowed to be compromised. Procedures involing air safety are reviewed from time to time in consultation with the operators and necessary preventive steps are taken. I wish to convey to this House that the Ministry of Civil Aviation and its organisations are making every possible effort to ensure safe air transportation in the country and there is no cause for concern in the matter.

I will conclude toy conveying our heartfelt condolences and deep sympathies for the Members of the barcaved families.
